Akatarawa Road Bridge Replacement Programme

6 September 2011

First bridge is open for vehicle traffic from Thursday

The first of the three bridges, B1/4 will be opened for traffic on Thursday 8 September. The temporary bailey bridge is being removed to allow the contractor to complete the construction of the approach on the northern side of the bridge.

Road users need to continue to drive with caution as road works will continue at the site and particularly on the approaches to the bridge after the new bridge has opened.

Traffic Delays

During the removal of the bailey bridge on Thursday 8 September there will be delays at bridge B1/4 while the cranes are operating (between 9:00am and 3:00pm).
