

**37****ROADING HIERARCHY**

The City's roads are classified into a hierarchy according to their function in the roading network. The hierarchy reflects the importance of moving traffic around the City in a manner conducive to the development of the City. It is also important in protecting traffic routes for improvements and future extensions and enables a consistent approach to road upgrading and safety, street construction, traffic operations and levels of service.

An annotated street map of Upper Hutt is attached to the end of this chapter to illustrate the classification defined in this Roading Hierarchy table.

<b>National Routes</b>
<ul style="list-style-type: none"> <li>• Fergusson Drive (from Maoribank to Main Road North)</li> <li>• Main Road North</li> <li>• State Highway 2 (River Road)</li> </ul>
<b>Primary (Regional) Arterials</b>
<ul style="list-style-type: none"> <li>• Eastern Hutt Road</li> <li>• Fergusson Drive (from Silverstream to Maoribank)</li> </ul>
