Calculation of administration fee

For jobs greater than \$355.56 (GST Excl) the administration fee is calculated by multiplying the applicable percentage of Curve 1 by the work value. For example:

Work value of \$888.89 (GST Excl) = 10% x \$888.89 = \$88.89 fee (GST Excl)

Bonds

Contractors who are entered on the "Bond Exempt" register do not have to pay this Bond.

Bond is based on the actual trench length to be opened up by the Road Opening Notice calculated using the rates stated below and interpreted using Curve 2 below.

	GST Exclusive	GST Inclusive as at 01.07.10
--	---------------	------------------------------

Calculation of bond

For jobs greater than \$355.56 (GST Excl) the administration fee is calculated by multiplying the applicable percentage of curve 2 by the work value. For example:

Work value of \$888.89 (GST Excl) = 35.0% x \$888.89 = \$311.11 (GST Excl) bond

Work value of \$8,888.89 (GST Excl) = 12.5% x \$8,888.89 = \$1,111.11 (GST Excl) bond

Chip sealing fee

A fee to cover the resurfacing of the seals less than four years of age in place of the existing requirement under clause 3.14.3 of the Road Reinstatement Document.
