Recycling made easy

Weekly alternating collection cycle

The Upper Hutt recycling service will collect recyclables in your area weekly on the same day as your refuse collection. Each fortnight we collect your paper and cardboard only. Fortnightly, on the alternate weeks, we collect your plastic,¹ glass, and cans only.

The calendar (overleaf) indicates which types of recyclable material the collection service picks up each week. You can use this card for future reference by attaching it to your refrigerator or noticeboard.

This information is available on our website. You can also subscribe to our Google calendar and receive reminders each week. Go to www.upperhuttcity.com/recycling

Go to www.upperhuttcity.com/collectionday to find out which day of the week refuse and recycling is collected in your street, or call Waste Management on **(04) 568 3550**.

Each week simply...

- > Wash and/or squash your recyclables.
- > Check which products are being recycled overleaf.
- > Put the appropriate material for recycling out on the kerb by **7.30 am** on collection day.

*Exceptions

There is no refuse or recycling collection on **Good Friday** (6 April). If Friday is your regular collection day, please put your refuse and recycling out for collection on **Thursday 5 April** instead.

There is no refuse or recycling collection on **Christmas Day** (25 December) or **New Years Day 2013**. If Tuesday is your regular collection day, please put your refuse and recycling out for collection on **Monday 24 December** and **Monday 31 December** instead.

Note

1. We recycle plastics numbered 1, 2, 3, 4, 5, and 6 except for polystyrene.
