

Upper Hutt City Council in association
with Orongomai Marae presents:

Your Choices, Your Life

Has your driving got you into trouble with the LAW?

Have you been convicted of a driving offence?

Do you have fines to pay because of your driving?

Have you been involved in a crash?

Want to be a better driver?

Sometimes we find ourselves on a path without the knowledge to make safe choices. Often when driving is involved, these choices can lead to life long consequences.

At best you may end up with a fine. At worst you could end up injuring or killing someone.

Your Choices, Your Life is an opportunity for you to start afresh by making informed and educated road safety choices.

Come spend two days looking at what you need to become a better driver. (*You may even find ways of reducing your fines!*)

The course is free; you get to do some fun stuff; as well as examining the risks involved with being young and behind a wheel.
