DETAILS OF SUBMISSION

The specific provisions of the proposed Plan Change that my submission relates to are as follows:

I have no confidence whatsoever, in the accuracy of the flood maps - re. Plan Change 42.

(Please use additional sheets if necessary)

My submission is that:

I strongly oppose the adoption of the flood maps into the district plan. Numerous residents, including myself, have repeatedly ~~been~~ complained to UMCC that the flood maps are inaccurate & even grossly misleading, therefore they should NOT be officially accepted into the district plan until our expressed concerns have been resolved.

(Please state in summary the nature of your submission. Clearly indicate whether you support or oppose the specific provisions or wish to have amendments made, giving reasons. Please use additional sheets if necessary)

I seek the following decision from the local authority: That UMCC withdraw Plan Change 42! That UMCC address the issues that people have been raising, in particular by simply getting an independent expert to investigate the run-off that would occur from any future housing development on the Silverstream / Pinehaven hills & how that would affect the residents. The auditor stated the flood modelling on this issue was majorly FLAWED. This MUST BE INVESTIGATED please & I cannot accept the maps until it is. It is inconceivable that a council could act until this is done!! Please

act in good faith!
