The specific provisions of the proposed Plan Change that my submission relates to are as follows

I wish to present a submission on the planned change 50 section 32.

My submission is that

Dear Sir/Madam I wish to present a submission on the planned change 50 section 32. I wish to be heard. My objections are as follows: Roading throughout the valley not designed to cater for 100 new houses... likely with multiple vehicles in each house. SNA?? Isn't the area significant – natural bushes etc? You cant approve this section, when so many others are likely going to be restricted on what they can do with their sections. No basic services over in the valley. Schooling... how are these kids going to get to school?

Can the bus system cater for this many new kids? Is every development going to have multiple individual water tanks + sewerage? Isore on the hills of a rural valley. Thankyou for your consideration. Donna Schiphorst
